and equipment \$99.99.*

Sandhill's Featured Converter Box

The Winegard RCDDT09A converts digital over-the-air signals to analog for your TV. The converter box installs between your analog TV and over-the-air antenna, enabling you to receive local DTV programming FREE.

**Winegard Converter Box
Features include:**

- Compact size
- Includes Connection Cable and remote control
- Support Channels 2 - 69
- Displays all DTV Formats and multicast channels
- Parental control
- Closed captioning for hearing impaired
